Application for (partial) coverage of the semester fee

AStA der Universität Bremen
Bibliothekstr. 7/StH
28359 Bremen

Last name, first name: _____
Student ID number: _____
Email address: _____

I can pay € _____ of the current semester fee (€443,40) myself.

I have only received a warning from the University of Bremen because of the unpaid semester fee (i.e. no failed exams or problems with health insurance). My financial resources are insufficient to pay the semester fee without endangering my own livelihood. I have attached my bank statements for the last three months as proof.

I hereby apply for the transfer of the (remaining) semester fee to the University of Bremen's account due to financial hardship.

Notes:
I. As we have limited funds available and want to prevent as many students as possible from being de-registered for financial reasons, we explicitly ask you to state how much of the semester fee you can contribute yourself. We want to find solutions that are as solidary as possible.
II. After the warning period ends, the University of Bremen will automatically de-register you. However, you have one month to appeal the de-registration notice and pay the semester fee.
III. If you have received a warning for other reasons or have already been de-registered, please contact the Student Office (sfs@uni-bremen.de) or our BAföG and Social Counseling (bafoeg-sozial@asta.uni-bremen.de) for advice on possible next steps.
IV. If your application is approved, we will transfer the (remaining) semester fee directly to the University of Bremen's account and enter your matriculation number as reference. We will then let you know how much you need to transfer to the University of Bremen's account.
